

JN Spreads (a trading name of WorldSpreads Limited)
Retail Customer Spread Trading Agreement
January 2011

1. INTRODUCTION TO DEALING WITH WORLDSPREADS.

1.1 We are Worldspreads Limited, a company registered in England and Wales (Company Number 4898762) and regulated by the Financial Services Authority (Firm Number 230730). JN Spreads is a trading name of Worldspreads Ltd, the services to be provided to you under this agreement will be provided by us. The intermediary or white label partner provides marketing services to us and is remunerated by us on the basis of the overall profits attributed to the business generated by their efforts. Any services provided or to be provided to you by them will not be provided by WorldSpreads and will not be covered by this agreement.

1.2 Under the rules of our regulator, we have categorised you as a retail customer for the purpose of this agreement and the spread trading business that we will be undertaking with you. This is the most common categorisation for consumers of financial services and is the one to which the highest levels of regulatory protection are afforded. If you are aware of an alternative categorisation which you feel would better reflect the level of service you require from us then you should provide us with details of how you would like to be categorised and the reasons why you feel such a categorisation would be appropriate. Where we are permitted to do so under the rules of our regulator, we will re-categorise you in accordance with your request.

1.3 This Customer Agreement, as updated from time to time, shall govern all such trades between you and WorldSpreads Limited (WS) (including any trades placed by an Agent pursuant to clause 3.5 or other person giving the client's name and account number or account number and password as referred to in clause 3) and should be read in full, along with the Risk Disclosure Notice and any other documents which we may have supplied to you. This Customer Agreement, the Risk Disclosure Notice and related documents will contain certain words and expressions that are defined in Clause 20 of this Customer Agreement. Unless we both agree otherwise, all communications between you and us will be in English.

1.4 We refer you to the Risk Disclosure Notice that forms part of this Customer Agreement. This details some of the risks involved with spread trading but is by no means an exhaustive statement of those risks. Spread trades can result in wins and losses of many times your original stake and depending on the nature of your trade your losses could also be unlimited; so select your stake accordingly as large amounts of additional risk capital could be required at short notice. Spread trading involves high risk and is not suitable for everyone. Therefore, you should always calculate the "worst case" scenario before you trade and then only trade if you are prepared to accept that degree of risk. By entering into this Customer Agreement you warrant that you have read and understood the Risk Disclosure Notice and understand that the act of placing a trade with WS will neither require nor permit you to either take delivery of, or deliver, the underlying financial instrument.

1.5 WS provide an execution only spread trading service and you should not enter into spread trades unless you fully understand the nature of the transaction and the extent of your exposure to the risk of loss. WS will not provide you with advice as to the merits of individual trades or their suitability for you, Therefore you must rely solely on your own judgement before deciding to enter into or close a trade and it is ultimately and solely your responsibility to ensure that you understand all these matters. If in any doubt, please seek professional advice. WS owe you no duty to monitor the size of your trades, to ensure that spread trading or any trades you may place are suitable for you, or to close any trade you have opened. You must therefore familiarise yourself with the mechanics and nature of spread trading, the jargon used, WS' trading hours and those of the relevant market/exchange, conditions of expiry times and dates, the nature of each trade and any trading rules applicable to that trade. You have a duty to monitor your own positions, to know when Variation Margin payments will be required and to remain contactable by WS at all times. Any statements made to you by WS shall not constitute a recommendation to you to enter into or close a trade in any way.

1.6 WS will only enter into a trade with you as principal and not as agent on your behalf. You will also enter into each trade with us as principal and not as agent for any undisclosed person. That is to say that unless we have otherwise agreed in writing, we will treat you as our client for all purposes and you shall be directly and personally responsible for performing your obligations under each trade entered into by you, whether you are dealing with us directly or through an Agent as defined in clause 3.5.

1.7 All times stated in this Customer Agreement relate to UK time. All times stated can and do alter from time to time due to, but not exclusively, public holidays (whether England or elsewhere), time differentials caused by the changes between British Summer Time and Greenwich Mean Time and changes to the trading hours of the relevant underlying markets or exchanges. Further information regarding WS' trading hours can be found in the Market Information Sheets. Internet trading hours may differ from the WS telephone trading hours (and are specific to the market).

1.8 We treat money received from you or held by us on your behalf in accordance with the Client money Rules.

1.9 We may pass client received from a client to a third party (e.g. a market, intermediate broker, OTC counterparty or clearing house) to hold or control in order to effect a client transaction through or with that person or to satisfy a client's obligation to provide collateral (e.g. initial margin requirement) in respect of a transaction. We have no responsibility for any acts or omissions of any third party to whom we pass money received from our clients. The third party to whom we pass money may hold it in an omnibus account.

1.10 We shall not pay you interest, nor account to you for profits earned, on client money.

1.11 We may hold client money on your behalf outside the EEA. The legal and regulatory regime applying to any such bank or person will be different from that of the United Kingdom and in the event of insolvency or any other analogous proceedings in relation to that bank or person, your money may be treated differently from the treatment that would apply if the money was held with a bank in an account in the United Kingdom. We will not be liable for the insolvency, acts or omissions of any third party referred to in this sub-clause.

1.12 You agree that we may cease to treat your money as client money if there has been no movement on your balance for six years. We shall write to you at your last known address informing you of our intention of no longer treating your balance as client money and giving you 28 days to make a claim.

1.13 If we should ever be unable to pay you money that we owe you, you may be able to claim compensation from the Financial Services Compensation Scheme (FSCS). The compensation scheme covers 100% of the first £30,000 owed to eligible claimants and 90% of the next £20,000. Thus, the maximum possible claim is £48,000. Full details of the scheme can be found on the FSCS web site at www.fscs.gov.uk.

2. YOUR ACCOUNT

2.1 WS will only trade with clients (or their Agent, see clause 3.5) who have been accepted as such by WS and who have been issued with, and continue to hold, a valid account number.

2.2 WS reserves the right to close or suspend your account at any time with or without notice to you. You unconditionally agree that WS has the right to close or suspend your account with or without notice to you in the event of, but not limited to, any of the following:-

- (a) you are in breach of this Customer Agreement;
- (b) you have made any material misrepresentation to WS;
- (c) WS has reasonable grounds for concern in relation to your credit worthiness, financial status, your true identity or any matters relating to money laundering or insider dealing;
- (d) you fail to provide any information reasonably requested in relation to any credit status check being undertaken upon you by WS;

(e) you act in an abusive manner towards any member of our staff.

2.3 You may apply for either a Deposit or Credit account with WS. We reserve the right to refuse credit, limit or alter the amount of credit or to refuse or withdraw account facilities with our company for whatever reason and at any time.

2.4 If you are granted a Credit Account, you will be allocated a Credit Allocation, which does not constitute a credit facility but is simply a risk allocation figure which if exceeded may result in you becoming liable to pay Variation Margin. (A Credit Allocation is deemed as a positive figure in relation to the client). You acknowledge that the Credit Allocation does not represent the extent of your ultimate financial liability to WS and that WS are entitled to allow you to trade, or your open positions to run, beyond your Credit Allocation.

2.5 Each trade attracts an Initial Margin ("IM"), which is usually determined (save for certain markets such as equity futures, base rates and options) by multiplying the stake size (or proposed stake size) by the relevant IM factor. (IM is always deemed as a negative figure in relation to the client). Our Market Information Sheets detail the terms regarding IM factors for the markets that we offer. These IM factors may be changed from time to time by notice to you (including in volatile market conditions or lack of liquidity of any market) and the new/current IM factor will be applied to existing open positions as well as new trades. IM factors which are not set out in the Market Information Sheets, such as those relating to one off markets, or which have changed since the date of first publication of the Market Information Sheets will be quoted on request or posted on our website, a newsletter or otherwise notified to you by any of the methods referred to in clause 18 (and each of the foregoing methods will be deemed notice to you of the relevant change). It is your responsibility to ensure that you are aware of the current IM factor before entering into any trade.

2.6 WS (in its absolute discretion) reserves the right to alter your Credit Allocation from time to time by notice to you in accordance with clause 18. In particular WS may by way of notice to you in accordance with clause 18 alter your Credit Allocation, reduce your Credit Allocation and/or change your account to a Deposit Account depending on WS' assessment of your current financial circumstances or if you fail to pay Variation Margin in full, or if any cheque or any other form of payment that is tendered to WS is not cleared in full on first presentation or if you fail to provide information relating to any credit check within the time limit specified by WS.

2.7 Neither your Credit Allocation, Initial Margin or any Variation Margin that you may have deposited with WS nor the aggregate of the IM applicable to your open positions represents your ultimate financial liability to WS. You acknowledge that the only limit to your potential losses is if WS has accepted from you a "Guaranteed Stop Loss" in relation to any specific trade. Please refer to sections 1 & 2 of the Risk Disclosure Notice.

2.8 WS may from time to time undertake credit status checks in relation to you as and when it thinks fit. This may include requests for bankers' references, enquiries of credit reference agencies or any other such enquiry we reasonably see fit and you agree to co-operate fully in the event of such credit status checks being undertaken. You also undertake to advise us immediately in writing of any material changes to your financial standing or specific and material changes to any of the information submitted on your Account Application Form: this includes any change of employment details, address, and contact details. WS may, in its absolute discretion, accept such notification at the telephone or by email. You also understand that credit reference and fraud prevention agencies may maintain a record of any enquiry and the information given to them and may share search details and your information with us and other organisations for credit, fraud, crime prevention and money laundering purposes or to recover or trace debts.

2.9 WS reserves the right to disclose information in relation to you or your account without prior reference to you (including as to any late payments) to any regulator of WS' business, to your employer and its Compliance Officer or to any other individual or company that WS reasonably believes to be seeking a reference or credit status reference in good faith.

2.10 In the case of accounts opened in the name of two or more persons and allocated a single account number, each individual of such persons shall be jointly and severally liable in respect of that account and WS shall be entitled to accept trades from and act on the instruction of any such joint account holder without reference to or notification to any other joint account holder. Statements of account in respect of any joint account will be sent to the address nominated on the Account Application Form relevant to that joint account or such other address as any joint account holder may request.

2.11 In relation to any and all amounts payable by the client in accordance with this Customer Agreement, only the net funds received by WS (after deduction of all bank charges and any other costs of transfer) will be credited as paid.

3. AUTHORITY TO PLACE TRADES

3.1 WS will only accept trades, orders and instructions to amend or cancel orders orally at the telephone or electronically via our real time interactive Trading Website. WS will provide you with a unique account number and this account number will be requested when you attempt to trade, leave, amend or cancel orders or request account information from us. WS is not obliged to provide Trading Website access to you; reserves the right to insist that you deal orally at the telephone only; and also reserves the right not to accept any trade, trades, orders or instructions for any reason, but in particular if you act in an abusive manner to any member of our staff.

3.2 When placing a trade, order or giving any other instruction orally at the telephone, you will be required to give your name and account number. No trade, order or instruction need be accepted without this information. Trades, orders and instructions given orally at the telephone will only be deemed as accepted by WS when a registered dealer of WS confirms such trade, order or instruction as being done / accepted. When placing a trade, order or instructions to amend or cancel orders by way of the Trading Website, you will gain access to your account by use of your account number and password. Trades, orders and instructions placed by way of the Trading Website will only be treated as effective on receipt of and acceptance by WS. Trades placed via the Trading Website will normally only be confirmed at the time of the transaction by electronic means broadcast over the Trading Website, unless you have specifically requested that trades also be confirmed in the form of a printed contract note in accordance with clause 4.18. If during the process of placing any trade, order or instruction by way of the Trading Website, there is a breakdown in communication leading to a cessation of connection between WS and you, it is your sole responsibility to contact immediately the relevant dealing desk of WS, by telephone, in order to obtain clarification; for WS system records will, save in the case of fraud, wilful default or gross negligence on behalf of WS, be deemed to be a correct record of the transaction in question.

3.3 Your account number and password should not be disclosed to any third party (save disclosure of both to an Agent pursuant to clause 3.5). You should not keep records of both together in any location or with anything that identifies you by name. You are required to immediately inform WS if you become aware of or suspect that an unauthorised third party has ascertained your account number and password or that any person other than you is dealing on your account without authority. WS shall treat any trade, order or instructions to amend or cancel orders it accepts in good faith from a person giving your name and account number as being struck by you as WS personnel cannot be expected to recognise your voice (or that of your Agent) in any circumstances, and they are under no duty to enquire about the identity of any person who gives your name and account number orally at the telephone. In the case of trades placed by way of the Trading Website, provided that the correct account number and password are provided, WS are under no obligation to recognise the domain from which the client's business emanated.

3.4 WS will deem you to be fully responsible, in the case of communication orally at the telephone, for all acts and omissions of any person giving your name and account number and, in the case of communication via the Trading Website, all acts and omissions using your account number and password, including (in both cases) all trades and orders placed and instructions given, as if such trades, orders, acts, omissions, and instructions were done, made or given by you and as if the person using your name and account number, password and account number were you.

3.5 WS' prior consent is required (which it may withhold in its absolute discretion) if it is deemed necessary for you to authorise someone to operate your account. In such circumstances, you and the person seeking authority to operate your account shall be required to execute and deliver to WS an Agency Agreement, in a form acceptable to WS, which authorises and appoints such person as "an Agent" with authority to operate your account. You will be solely responsible for all acts and omissions of the Agent including any instructions given and any trades or orders placed by such Agent as if such acts,

omissions, trades and instructions were done, made or given by you and as if the Agent were "you"/"the client". WS will be authorised to accept instructions from your appointed "Agent" until such time as we are in receipt of a written notice from you stating that the authority of the Agent is revoked. In order to be effective, any such written notice must be sent to WS' Customer Services Department by way of recorded delivery or by personal delivery for which confirmation of receipt should be obtained. Notwithstanding the above, WS shall be entitled to refuse to accept instructions from any Agent and to treat the appointment of any such Agent as terminated by giving notice to you in accordance with clause 17 of this Customer Agreement.

3.6 You should assume that WS' telephone lines are recorded (although this is not guaranteed) and you hereby agree to the recording of such conversations. You should be aware that WS' Trading Website also retains a chronological history of all conversations/communications conducted over that medium - again this is not guaranteed - and you also agree to such information being retained by us. You acknowledge that in both cases such records and recordings shall remain the exclusive property of WS, that they shall constitute evidence of the instructions given and may be used for any purpose by us, including as evidence in any dispute. Notwithstanding the foregoing, you should keep a written timed and dated record of all your dealings with WS.

3.7 If WS has closed your account in accordance with Clause 2.2 you will, with immediate effect, no longer be entitled to place any trades, leave orders or trade in any way whatsoever with WS.

4. TRADING PROCEDURES

4.1 All trades will be deemed as being struck in Pounds Sterling unless WS agrees otherwise or the underlying market otherwise requires.

4.2 Quotes are for two-way markets involving a spread between the buying and selling price and are quoted for stake sizes acceptable to WS. You the client may elect to either 'sell' at the lower price quoted or 'buy' at the higher price but can only offer to place a trade on a current quoted price for the relevant market and expiry date. (WS' current quotes will be quoted on request and are usually available on the Trading Website). The price may change at any time after being quoted and prior to its acceptance by you. In relation to quotes made at the telephone, you may only trade on that quote during the same telephone conversation in which the quote was given, however, prior to you placing your trade, the dealer may deem that the quote is no longer valid and will confirm this fact by use of such phrases as "change", "off" or "interrupt". Quotes, which are confirmed in this manner as being no longer valid, are then ineffective and not tradable. Likewise, if the quote provided is confirmed as being 'indication only' this is also ineffective and cannot be traded.

4.3 WS reserves the right to vary buying and selling spreads with or without notice to you especially in, but not limited to, volatile market conditions and/or loss of liquidity of the underlying market. Current buying and selling spreads will be quoted to you on request. Closing trades can only be traded at the spread quoted at the time of closing, irrespective of the spread at the time of the opening trade or placing of the order, which may be larger or smaller.

4.4 WS Reserves the right to suspend quoting any or all of its markets by way of the Trading Website and insist that such markets are restricted to telephone trading only. This may be done with or without notice to you especially in, but not limited to, volatile market conditions and/or loss of liquidity of the underlying market, and will apply to closing trades as well as additional opening trades and orders irrespective of the fact that your original opening trades or orders may have been placed by way of the Trading Website.

4.5 In the case of trades offered via the Trading Website you may only offer to place a trade on the price and spread currently quoted on the Trading Website. Upon receipt, WS reserves the right in its absolute discretion to either reject or accept your proposed trade.

4.6 WS will rely upon you to request a quote for the relevant market on which you wish to place a trade and will only quote for the specific market that you request.

4.7 Minimum stake sizes are normally set out in the WS Market Information Sheets. Maximum stake sizes are dependent upon market conditions and are available on request. Minimum and maximum stakes for one-off markets will also be quoted on request. Both minimum and maximum stakes can vary according to market conditions, including market volatility, lack of liquidity or market closure. It is your responsibility to ensure that you know the current minimum and maximum stake applicable to any trade as WS reserves the right to vary minimum/maximum stakes at any time and with or without notice to you especially in, but not limited to, volatile market conditions and/or loss of liquidity of the underlying market.

4.8 The maximum stake available to you may be less than the maximum accepted by WS. You can calculate the maximum stake of each trade applicable to you at the time as follows:

Deposit Accounts: (a) Account Balance less IM of open positions, plus any positive Marked to Market balances and less any adverse Marked to Market balances, the resulting Account Position should then be DIVIDED BY (b) the relevant IM factor.

Credit Accounts: (a) Account Balance plus Credit Allocation less IM of open positions plus any positive Marked to Market balances and less any adverse Marked to Market balances, the resulting Account Position should then be DIVIDED BY (b) the relevant IM factor.

If the above calculations produce a maximum stake of nil or less, you may not (whether your account is a Credit or Deposit Account) be permitted to trade unless you first deposit funds with WS in such an amount as it may require.

If the above calculation produces a positive maximum stake, we recommend that you do not stake the maximum available to you, because any adverse market movement could then result in Variation Margin becoming due immediately.

4.9 Notwithstanding any other provision of this Customer Agreement, WS is entitled in its absolute discretion to:

- (a) accept stakes which are above or below any applicable minimum or maximum and whether with or without notice to you;
- (b) limit any stake to any size including the maximum size;
- (c) close (on WS' then current quote) any trade placed in excess of any applicable maximum or in a size less than any minimum stake notwithstanding that WS may have previously accepted the trade;
- (d) close (on WS' then current quote) any trade placed if funds are not immediately deposited in accordance with clause 4.8 and notwithstanding that WS may have previously accepted the trade.

4.10 Unless WS have specifically agreed in writing that you may do so, WS do not permit clients to hold opposing positions in the same market for the same expiry date; for example, if you had originally placed a 'buy' trade with WS and you subsequently placed a 'sell' trade on the same market with WS, this would have the effect of closing all or part of your original 'sell' trade and may create a new open position. If you have more than one open trade in the same market, such trades (or part thereof) will be closed in the order "First In, First Out" unless otherwise specifically agreed in writing.

4.11 WS reserves the right to refuse, or if already inadvertently accepted, to cancel or void, any trade which would result in you simultaneously holding open positions that are both either long or short of both a currency future and its inverse currency future contract. If WS were to allow you to hold such a position, without prejudice to our right to cancel or void such trades and notwithstanding any verbal or other confirmation to the contrary, individual rates of IM would be applied to both trades (notwithstanding that one position may effectively hedge the other).

4.12 Subject to all other provisions of this Customer Agreement, each trade can run until its expiry date or the occurrence of the relevant event (as applicable); or can usually be closed at any time during WS' trading hours for that market (please refer to the Market Information Sheets);

Trades on those markets whose trading hours are not set out in the Market Information Sheets, can normally be closed during the hours of 8.00am to 5.00pm on a Business day, but WS reserves the right to trade and quote such markets outside those hours without notice to you.

4.13 Long positions or "Buy Trades", also commonly referred to as "Up trades", are closed by the client selling at the lower of the then currently quoted spread. Short positions or "Sell Trades", also commonly referred to as "Down trades", are closed by the client buying at the higher of the then currently quoted spread. Trades opened with WS can only be closed with WS and we need have no regard to the fact that a client may trade with any entity other than WS (for example if the client places a "Down Trade" with WS and an "Up Trade" in relation to the same underlying market with any other entity). WS also reserve the right to limit the maximum stake on closure to the maximum stake quoted at the time of closing, irrespective of the maximum stake quoted at the time of the opening trade, which may be larger or smaller.

4.14 Trades able to run to expiry will be automatically closed (as the case may be) on the expiry date or at the time and date of occurrence of the relevant event and (subject to clause 14.2) will be closed on the applicable basis of settlement as set out in the Market Information Sheets. In the case of markets whose basis of settlement is not set out in the Market Information Sheets, the applicable basis of settlement will be available either at the telephone or from the WS website. In the case of trades that closed automatically, if the expiry date or the time and date of occurrence of the relevant event:-

(a) if an underlying exchange exists:-

(i) is not a Business day of that underlying exchange then the relevant trade will be deemed to have closed on the immediate previous Business day of the relevant underlying exchange (ignoring for this purpose the meaning of Business day given in clause 20);

(ii) is a Business day of that underlying exchange then the relevant trade will be deemed to have closed on that Business day (ignoring for this purpose the meaning of 'Business day' given in clause 20);

(b) in relation to trades where there is no underlying exchange:-

(i) is a Business day (as defined in clause 20) then the relevant trade will automatically close on that day;

(ii) is not a Business day (as defined in clause 20) then the relevant trade will automatically close on the next Business day (as defined in clause 20).

4.15 WS need have no regard to a client's comments that any trade placed is a trade to close all or part of an open position for we shall treat all trades as a buy or a sell regardless of whether the trade has the effect of opening a new position or closing all or part of an existing one and WS will not be obliged to check or have regard to any assumption made or expressed by a client as to the effect of any trade on their existing or overall positions held with WS.

4.16 With the exception of trades on option prices, prior to the expiry of a trade, you may be advised of, or request from us, the terms for rolling over trades into another contract period. All roll-overs are at the absolute discretion of WS and any spread quoted will reflect the market conditions prevailing at that time, especially in relation to premiums/discounts, and will also include a roll-over premium of which you will be advised of at the time. Should you be permitted to effect a roll-over, your original trade is closed and becomes due for settlement, and a new trade is established.

4.17 Providing there are sufficient funds in your account to re-open a trade, daily rolling trades will usually be automatically closed at the mid-close of the relevant underlying market as issued by the relevant exchange on that business day and then be re-opened for the next business day at the same price (adjusted for any such factors that will affect the underlying price, for example, in the case of individual equities, rights issues, dividend payments, and stock splits). In the event of a dividend adjustment or any similar corporate action, the percentage of such adjustment that will normally be applied to your account is market and country specific and therefore you should refer to the WS website www.worldspreads.com or telephone the WS Customer Services Department for confirmation of the applicable percentages.

Orders in respect of daily rolling trades can be worked either "good for the day" or "good until cancelled" and only "good until cancelled" orders are rolled with their linked trade/s. Any "good until cancelled" stop loss or limit order that is linked to a rolling trade will be rolled along with the trade in question and will be adjusted on a pro rata basis in line with any adjustment made to your trade for dividend payments etc.

If at the time of rolling your trade there are insufficient funds available in your account to reopen the trade in question then it will not roll over. In the case of multiple positions, unless there are sufficient funds in place to roll all such positions then none of them will roll over.

There is no charge for intraday trading or closing your positions. A financial adjustment will only be made to your account when you roll the trade and will be applied for every calendar day that the trade is open, including weekends and bank holidays, until such time as the trade is closed. Finance adjustments will usually be credited or debited after the day's close of the relevant underlying market.

Long positions which are rolled will normally result in a financing charge being debited to your account. Whilst there is a minimum financing charge of 25 pence, financing charges are market specific so please refer to the WorldSpreads Market Information Sheets for confirmation of the applicable percentages.

Short positions which are rolled will normally result in a financing credit to your account. Such financing credits are market specific so please refer to the WS Market Information Sheets for confirmation of the applicable percentages.

WS reserve the right to discontinue any or all daily rolling markets at any time by notice to you using any of the methods referred to in clause 18 (and each of the foregoing methods will be deemed notice to you of the relevant change).

4.18 Contract notes in respect of each trade you place will normally be sent to you on the next Business day after the day on which you placed that trade. (Such contracts will also include details of trades that have expired and orders that have been executed on the previous Business day). You may elect not to receive contract notes, and should this be the case, the absence of a contract note will not affect the validity of any trade that has been placed or expired or any order that has been executed. Contract notes or any other form of deal confirmation will usually be sent via email, but can be sent by fax or post if required. Statements of account will normally be issued on a weekly basis and can either be made available on-line or sent by post, fax or email.

5. EXECUTION POLICY

5.1 We are a spread trading firm. A spread trade is a bespoke financial instrument designed to allow you to secure a profit or avoid a loss by reference to fluctuations in the price of an underlying financial instrument. It does not confer any right or obligation to the underlying financial instrument or to any of the rights or obligations that would normally be associated with it. Our business is to provide you with the opportunity to enter into spread trades. We do this by making available, on a general and ongoing basis on our web-site or on request over the telephone, two way prices at which we are prepared to enter into such transactions.

5.2 We may choose, at our own discretion, to enter the underlying financial market to execute transactions for our own account to hedge the market risk accruing to us as a result of your trades. However, we will at no time act as your agent or undertake market transactions for you or on your behalf nor will we be accountable to you in respect of any transaction we have undertaken in the underlying market. We will not owe you any agency or fiduciary type duties.

5.3 You should note, therefore, that when you deal with us on this basis, we will be the only execution venue to which you will have access and our price will be the only price to which you will have access. We will not execute transactions on your behalf on any exchange or multilateral trading facility. Trades will be struck only when we receive notification from you that you wish to enter into a trade with us at a price which we are still quoting. If, due to slow

internet connections or any other cause, market conditions have changed so that we are no longer able to offer the same price, we will notify you that the trade has not been struck.

5.4 We believe that the overall cost of dealing with us is of most importance to you. We have designed our systems and procedures to meet that purpose by ensuring that our prices will, at all times, reflect prevailing market conditions and that it will be as competitive as possible. And unless the underlying market has been suspended or closed within its normal trading hours, we will undertake to make our prices available for our normal market stakes or such larger size as we may determine from time to time. However, we can not guarantee that both our bid and our offer price will always be the best available.

5.5 We may offer you the ability to place Limit, Stop or other types of orders on certain markets. The ability to place any type of order if made available is at our absolute discretion and will only be on such terms as we may specify. Although we will have regard to underlying markets as described below or as otherwise agreed with you, we will be the only execution venue on which your orders can be executed.

5.6 Instructions relating to orders will only be accepted by us either orally at the telephone or via the Order Management section of the Trading Website. We will not accept order instructions offered in any other form of communication.

5.7 With the exception of a "Guaranteed Stop Loss", no extra charge or spread is incurred for orders unless we notify you otherwise in advance.

5.8 With the exception of Individual Equities, "Market" decrees that your order is executed only when the underlying market trades at or through the relevant price.

5.9 In the case of rolling trades on Individual Equities:

5.10 "Market" decrees that your sell order can be executed once the price of such sell order is the "bid" price in the underlying market in respect of the Individual Equity in question and therefore the price in question is tradable at that level. Naturally such orders will also be executed should the "bid" price trade through the level of your sell order.

5.11 "Market" decrees that your buy order can be executed once the price of such buy order is actually the "offer" price in the underlying market in respect of the Individual Equity in question and therefore the price in question is tradable at that level. Naturally such orders will also be executed should the "offer" price trade through the level of your buy order.

5.12 In the case of forward trades on Individual Equities, we will follow the same procedure except that the "bid" and "offer" price in the underlying market will be adjusted downwards and upwards respectively on the basis of our short and long financing rates as published from time to time and the number of days between the settlement date of a standard equity trade in the underlying market and the expiry date of our trade.

5.13 In the case of rolling trades on equity indices, the "market" price will be calculated on the basis of the price of the most liquid futures contract adjusted on the basis of inter-bank interest rates and the number of days between the settlement date of a standard equity trade in the market to which the index relates and the settlement date of the relevant futures contract. You should note that this may result in a different price from the published index figure due to discrete index calculations; out of date prices where the index is calculated on the basis of trade prices and market prices have moved since the last trade was recorded; or differences between the cash market and the futures market which major market participants have deemed too small to arbitrage.

5.14 You should note that when a market order is executed, we will add our normal spread, as disclosed in our market information sheets, to the market price to determine the price at which your transaction is booked.

5.15 You may ask us by telephone execute your order following a different process than that detailed above. If we agree to do so, we reserve the right to pass on to you any direct costs that we may incur in following your instructions in addition to our normal spread. Our dealers will advise you of these costs in advance of accepting your order.

5.16 Orders can normally be left as either being "Good Until Cancelled" or "Good for the day". ("Good Until Cancelled" is also commonly expressed as "GTC" or "Good 'til Cancelled").

5.17 "Good Until Cancelled" (GTC) means that the order will remain effective until either:

- (a) the order is executed;
- (b) you cancel the order;
- (c) the related position expires;
- (d) or, in the case of a "Guaranteed Stop Loss", you manually close the related open position.

5.18 GTC orders that are basis "Market" will be valid until the underlying market ceases trading at the end of each daily exchange session (or the end of our trading hours for that market, if earlier) during the lifetime of your order. In the case of markets that are traded on more than one exchange or trade outside of our normal trading hours for that market, we may allow you to work such orders during the trading hours of all such exchanges. This is commonly known as being worked "good all markets" and we are not obliged to offer this service and will only do so at its absolute discretion.

5.19 GTC orders that are basis "Our Quote" will be valid during our trading hours in relation to the underlying market in question during the lifetime of your order, because we quote many markets outside of the exchange hours applicable to those markets.

5.20 "Good for the day" (GFTD) orders that are basis "Market" will usually be valid until the underlying market ceases to trade on the relevant exchange (or until the end of our trading hours for that market if earlier) on the day in question and at that time the GFTD order will automatically cease to be valid.

5.21 GFTD orders that are basis "Our Quote" (with the exception of orders relating to "daily" markets, see below) will normally be valid during our trading hours in relation to the underlying market in question on the relevant day – because we quote many markets outside of the exchange hours applicable to those markets - and at that time the GFTD order will automatically cease to be valid.

5.22 We offer various "daily" markets, such as the Daily F.T.S.E. 100. GFTD orders basis "Our Quote" relating to "daily" markets such as this will only be valid between specific hours and you will be advised of the relevant period of cover when you place such an order with our dealers.

5.23 With the exception of a "Guaranteed Stop Loss", all orders will be deemed as being "Good Until Cancelled" and basis WS' quote ("Our Quote") unless otherwise specifically agreed at the time the instruction is accepted by us.

5.24 With the exception of a "Guaranteed Stop Loss", orders are only valid in respect of the contract month, week or day for which we accepted the order, i.e. an order accepted in relation to the March F.T.S.E. 100 contract will not be applied to the June contract upon the expiry of the March contract unless we have specifically agreed such a rollover at the time of acceptance of the order.

5.25 "Guaranteed Stop Losses", when available, are normally only available at the time of opening the relevant position, are restricted to a few selected markets and are subject to minimum order levels. A "Guaranteed Stop Loss" will only be accepted on the basis "Our Quote" and will be worked "good all markets" unless agreed otherwise at the time the order was accepted by us. A "Guaranteed Stop Loss" will always be executed in the stake size agreed at the time of acceptance of that order. WS may in its absolute discretion agree to change the level of the "Guaranteed Stop Loss" provided that the new level is not closer than the then prevailing minimum order level to our current price in relation to the market in question. We reserve the right to render an additional charge should we agree to such a change.

5.26 With the exception of a "Guaranteed Stop Loss", no order is guaranteed either during or outside of market hours unless we specifically agrees such a condition at the time the instruction is accepted.

5.27 We will execute orders when we are reasonably able to do so. In the event of the underlying market 'gapping' through a non-guaranteed stop order price, we will execute your order on our first quote reflecting the a price in the underlying market at which we can reasonably trade in a size equivalent to your order.

5.28 Some markets are quoted outside of the trading hours of the underlying market, therefore orders which are left basis ("Our Quote") may be executed outside of such market hours at a price which we, at our sole discretion and acting in good faith, consider fair in relation to the standing of world markets at that time.

5.29 All orders, at both the time of placement and execution, must comply with those rules contained within this Customer Agreement that apply to the opening or closing of any trade. If any of these rules are not complied with, then we reserve the right not to accept, or refuse to execute, such orders.

5.30 With the exception of "Guaranteed Stop Losses", all other orders are subject to the minimum and maximum stake size prevailing at the time, both on acceptance and on execution. It should therefore be noted that orders are subject to the maximum stake size applicable at the time of execution of the order irrespective of the maximum stake size applicable at the time of placing the order. Orders which, on execution, would be in excess of the maximum stake size prevailing at the time of execution will be executed in tranches equal or up to the maximum stake prevailing at the time until such time as the order is fulfilled and the price applicable to each tranche could vary considerably.

5.31 It should be noted that orders relating to individual equities listed on a UK exchange will be restricted to "Normal Market Size" and will be executed in tranches equal or up to the "Normal Market Size" until such order is fulfilled and the price applicable to each tranche may vary considerably. Orders relating to equities listed on any exchange other than a UK exchange may be restricted to a maximum of £200 per point or the equivalent of £250,000 (stake x current price) whichever is the smaller. Orders that are subject to this restriction will be executed in such tranches until such order is fulfilled. It should be noted that the price applicable to each tranche could vary considerably.

5.32 Unless specifically agreed by us at the time of acceptance of the order, we are not obliged to immediately inform you of the execution of any order and will normally do so by the means of either, printed contract note or emailed contract note, whichever is the practice normally applicable to you.

5.33 You are not required to cancel any closing order on any position after that position has been closed or part-closed – these orders will be cancelled automatically by us. Part-closing a trade will result in all linked orders being deleted. You are required to cancel any opening order that you may have placed with us, and we reserve the right to execute any order that has not been expressly cancelled by you.

5.34 We may provide you with an "Orders Aware Initial Margining" (OAIM) service in respect of selected markets whereby some non-guaranteed stop loss orders can reduce the amount of the IM applicable to the relevant open position.

5.35 The amount of reduction in the IM is dependent upon the price of the non-guaranteed stop loss order but a minimum of 20% of the current applicable IM will be charged at all times. The OAIM service when provided is done so at the sole discretion of WS and therefore WS reserves the right to withdraw such service at any time with notice to you by any of the methods referred to in clause 17.

5.36 Any additional terms and conditions relating to orders will either be found in the Market Information Sheets, posted on the WS website www.worldspreads.com, or be made available upon request.

6. PAYMENT OF VARIATION MARGIN

6.1 Variation Margin is immediately due and payable when the Account Position is a negative figure. That is to say when the total negative factors of the account when deducted from the total positive factors, produces a negative Account Position.

This negative Account Position is the amount of the Variation Margin required.

Example for a Credit Account

Account Balance	+ €250.00
Open Positions Marked to Market	- €200.00
Credit Allocation	+ €500.00
IM	<u>- €700.00</u>
Account Position	<u>- €150.00</u>

Example for a Deposit Account

Account Balance	+ €950.00
Open Positions Marked to Market	- €650.00
IM	<u>- €350.00</u>
Account Position	<u>- € 50.00</u>

6.2 Variation Margin is **not** the total extent of your financial liability to WS and you are bound by this Customer Agreement to make good the entirety of any losses you may suffer and any other payments due hereunder.

6.3 Variation Margin payments, when required, must be settled in the currency of your WS account. If WS agree to settlement in any other currency, then the client will be liable for any bank charges or costs applicable to such transactions and only the amount of net funds will be credited as paid.

6.4 WS reserves the right to insist that Variation Margin payments of, or in excess of £10,000 (or foreign currency equivalent) be received by way of telegraphic transfer, debit card, direct debit or any other method of immediate/electronic funds transfer acceptable to WS.

6.5 WS reserves the right to insist that Variation Margin payments of, or in excess of £10,000 (or foreign currency equivalent) requested on or before 12.00 noon on a Business day, be received in full by WS by way of telegraphic transfer, debit card, direct debit or any other method of immediate/electronic funds transfer acceptable to WS by 16.00 on the same Business day.

6.6 If Variation Margin of, or in excess of, £10,000 (or foreign currency equivalent) is requested after 12.00 noon on a Business day, then WS reserve the right to insist that the full Variation Margin payment be received by WS by way of telegraphic transfer, debit card, direct debit or any other method of immediate/electronic funds transfer acceptable to WS by 12.00 noon on the next Business day.

6.7 Variation Margin is immediately payable whether or not demanded and whether or not a Variation Margin Call is made. It is therefore your responsibility to ensure that you understand how Variation Margin is calculated and it is also your responsibility, and not WS', to monitor your open positions and all other relevant factors used to calculate Variation Margin payable. You are required to notify us immediately if you cannot, or believe you will not be able to, meet a Variation Margin payment when due.

6.8 WS is not obliged to make Variation Margin Calls of you at all or within any specific time period and we shall not be liable to you for any failure by us to contact you or attempt to contact you. Variation Margin Calls when made can be at any time and by any method of communication including the methods referred to in clause 17. WS will endeavour to contact you using all the contact details with which you have provided and a Variation Margin Call shall be deemed to have been made in accordance with the timescales referred to in clause 18.2 even if we have been unable to leave a message for you. Where a Variation Margin Call has been made by one or more method of communication it shall be deemed to have been made at the earliest time such communication is deemed served as referred to in clause 18.

6.9 In the event of any of the following, WS reserves the right (but is not obliged) to close any or all, in whole or in part, of your open trades (including those held on a joint account with others) on the basis of WS' current (or next available) market quotation, to exercise its rights of combination consolidation and set off hereunder, to close your account and not accept any further trades from you, in each case with or without notice to you, and such closure will generally (but not always) be carried out by WS at either 12.00 noon or 16.00 on the day in question, but it reserves the right to effect closures at any time:

- (i) if any method of payment employed by you to make payment to WS is not met on first presentation or is subsequently dishonoured;
- (ii) if Variation Margin is due and you fail to pay such Variation Margin in full within three Business days of becoming due or in accordance with the relevant timescales as set out in clause 6.5 and 6.6 as the case may be;
- (iii) if, in the case of Credit Account holders, the amount of Variation Margin due exceeds three times your Credit Allocation, or, in the case of Deposit Account holders, the amount of Variation Margin due exceeds three times your Account Balance;
- (iv) if WS considers, in its absolute discretion, that you are unlikely to meet any Variation Margin payment or any other payment when due;
- (v) if WS considers, in its absolute discretion, that you have materially breached any of the clauses contained within this Customer Agreement as may be amended from time to time;
- (vi) if any representation or warranty made by you in relation to this Customer Agreement is found to be, or becomes, untrue, inaccurate or misleading in any respect;
- (vii) if you become the subject of an Insolvency Event;
- (viii) if you should die, be committed as a patient under relevant mental health legislation or any court order is made in respect of you under relevant mental health legislation or WS suspects or believes the same to be true;
- (ix) if we are in dispute in relation to any order, trade or instruction, save that in such case we may close all but not part only of the actual or alleged trade in dispute whether or not such action is considered desirable for minimising the amount in dispute;
- (x) if there occurs any other event or any other circumstance exists, where we reasonably believe that it is necessary or desirable to take any of the above actions in order to protect ourselves or any or all of our other clients;
- (xi) if any regulatory body of WS' business, or the rules of such a body, require WS to do all or any of the foregoing.

WS reserve the right to exercise all or any of the rights referred to in this clause 6.9 upon or at any time after the occurrence of any of the events therein referred to and regardless of when the underlying market may close.

6.10 Subject to the rules of its regulator, WS may in its absolute discretion allow you to run open positions or to open trades notwithstanding that you have not met any Variation Margin payment that is due.

7. INDIVIDUAL EQUITY TRADING.

7.1 When you trade on individual equities and any associated options with WS, such trades will be subject to this clause 7 in addition to all other provisions of this Customer Agreement.

7.2 You are trading on the outcome of an individual equity's price therefore you will not be entitled to ownership or any other interest therein nor will you take delivery of or be required to deliver the underlying financial instrument (e.g. the individual equity). Nor will you be entitled to any dividends or any equivalent thereof or any other interest therein. Further terms and conditions relating to equity trades and associated options can be found in the Market Information Sheets that form part of this Customer Agreement.

7.3 Individual equities are prone to events of market disruption and in the event of any of the following:

- (a) if an individual equity on which you are trading - whether directly on the equity or indirectly by way of a future or option on such equity - should become the subject of a take-over offer or a merger offer or the issuer of such equity is the subject of or has entered into insolvency or liquidation proceedings (or any Insolvency Event has occurred in relation to such issuer);
- (b) the market in relation to the individual equity is disrupted due to movements in its price exceeding limits permitted by the relevant exchange and which leads to the suspension of or limitation of trading in such equity;
- (c) or any other event causing market disruption and which is in the sole determination of WS, material.

WS may in its absolute discretion with or without notice to you (and without prejudice to any other rights and remedies it may otherwise have under this Customer Agreement or at law):

- (i) refuse any new trades, be they opening or closing, refuse any new orders and execute any existing orders at such levels as we may consider at our sole discretion and in good faith to be appropriate in all the circumstances. Any orders that are executed shall be subject to the minimum and maximum stake sizes prevailing at that time;
- (ii) exercise any or all our rights under clause 12;
- (iii) suspend or modify the application of any part of this Customer Agreement to the extent that it is impossible or not reasonably practicable for us to comply with them;
- (iv) take all such other actions as WS deems appropriate in the circumstances.

7.4 WS reserves the right to take all or any of the above actions referred to in clause 7.3 upon the occurrence of a Force Majeure event.

7.5 WS regularly hedge client trades by way of opening similar positions with other financial institutions. It therefore follows that due to the firm placing hedging positions against your trades your trading can have a distorting effect on the underlying price/market or the WS quote for the individual equity in question. It also follows that the potential for market abuse is therefore created and this Clause 7 has been designed to thwart such abuse.

By entering into this Customer Agreement, you hereby represent and warrant that each time you open or close a trade with WS:

(i) you will not enter into any trade with WS, either alone or in concert with others, in relation to any individual equity that would result in an exposure that is equal to or in excess of the amount of holding that is declarable under the rules of the underlying exchange on which the individual equity is listed;

(ii) you will not place a trade in connection with any placing, issue, merger, takeover, or similar events of which you are either involved or otherwise interested;

(iii) you understand and agree that whenever you place an opening or closing individual equity trade with WS you will be treated as having dealt in securities within the meaning of Part V of the Criminal Justice Act 1993. You therefore agree not to place any trade that contravenes either primary or secondary legislation or any other applicable law against insider dealing;

(iv) you acknowledge that spread trades are speculative financial instruments and agree that you will not enter into a spread trade or trades either alone or in concert with others that are in any way connected with any corporate finance activity;

(v) you understand that WS will not transfer to you any voting rights, either held by WS or on your behalf, that relate to an underlying individual equity and nor will WS allow you to have any influence over the exercise of such voting rights.

7.6 In the event that you place, or WS in its absolute discretion suspects that you have placed, a trade in contravention of any part of clause 7.5 above, WS may, in our absolute discretion:

(i) close any or all trades that you have open at that time without being under any obligation to inform you of our reasons for doing so;

(ii) enforce the trade/s or the firm's related hedge position/s against you, if it is a trade that has resulted in losses owed by you to WS;

(iii) deem all trades closed under this clause 7.6 as being void if such trades resulted in profits owed to you by WS, unless you can, within six months of the date of closure, provide WS with conclusive evidence that you have not in fact committed any breach of warranty and/or misrepresentation which caused the suspicion and which was the grounds for voiding your trade/s.

7.7 Before entering into trades in respect of individual equities with WS, you should be aware that you are dealing by way of a derivative product and therefore you are subject to the provisions of Rule 8.3 of the City Code on Takeover and Mergers. The rules of The Takeover Panel require you to disclose any interest of 1% or more in any class of relevant securities of any publicly quoted company. You are required to publicly report such a holding by 3.30pm London time on the London Business Day following the date of the relevant transaction. Please refer to www.thetakeoverpanel.org for full details.

8. SETTLEMENT OF ACCOUNTS

8.1 Credit balances held by WS will usually be made available for electronic withdrawal pending your request for payment but WS are entitled to retain monies which are required to cover adverse positions, IM, any un-cleared funds, realised losses and all other amounts payable to WS under this Customer Agreement. WS reserves the right to levy any bank charges incurred as a result of an electronic transfer to a client account such that settlement is made NET of these charges. The schedule of bank charges are as follows:

- UK 3 day BACS withdrawal – Free
- Same Day CHAPS withdrawal – (> £5,000) – Free for active clients
- Same Day CHAPS withdrawal – (< £5,000) – £15
- International / Foreign Currency payments – Euro 20 or equivalent

8.2 WS do not permit the payment to clients of unrealised profits and in no circumstances will such unrealised profits be made available for any form of payment including electronic withdrawal.

8.3 It is not WS' policy to pay interest on any of your funds that we may hold and by signing this Customer Agreement you acknowledge that you are waiving any entitlement to interest on any funds that we may hold for you from time to time.

8.4 Should your Account Balance be a debit balance the full amount of that debit balance is due and payable immediately in the currency of your WS account, or, with the prior agreement of WS, in another currency acceptable to the company but subject to you the client being liable for any bank charges and fluctuations in the exchange rate.

8.5 WS is entitled, in its absolute discretion, to refuse payment by cheque of debit balances of, or in excess of, £10,000 (or foreign currency equivalent). We also reserve the right to refuse payment by any cheque if that cheque is drawn on a non-U.K. clearing bank or if any cheque or other instrument of payment has not been honoured and cleared on first presentation. WS therefore reserves the right to insist that the immediate payment of debit balances of, or in excess of, £10,000 (or foreign currency equivalent) and any payment (of whatever amount) due from clients resident outside of the U.K., be received in full by WS, by way of telegraphic transfer, debit card, direct debit or any other method of immediate/electronic funds transfer acceptable to WS on the next Business day after that on which the payment became due and payable.

8.6 WS also reserve the right to submit cheques and bankers drafts for special clearance and to charge to you any costs that may be incurred by doing so.

8.7 Without prejudice to any other rights and remedies available to WS we reserve the right to and shall be entitled to charge interest on all amounts payable to WS under this Customer Agreement (with the exception of interest accruing under this clause 8.7) if such amounts are not paid within seven days of their due date for payment from the due date until payment in full (both before and after judgment) at the rate of 8% above the base rate of Barclays Bank Plc as may be amended from time to time.

8.8 If you fail to make payment when due for any reason whatsoever, we reserve the right to require you to reimburse us for any and all costs we may suffer or incur (including bank charges, legal costs and any other third party costs we may reasonably incur) and reserve the right to debit from your Account Balance any and all of such interest costs and expenses and to recover the same from you as a debt.

8.9 Any payment that is dishonoured, Referred to Drawer or not cleared by the bank when first presented will incur a fee of 1% of the value of the payment or £30 whichever is the higher amount.

9. CONFLICTS OF INTEREST

9.1 There will be occasions in the course of our relationship when our best interests and yours will not be aligned. We have implemented a range of policies designed to ensure that you are fairly treated in all of your dealings with us. These policies are important to you as they are designed to protect your interests. You should therefore notify WS' Compliance Officer immediately if you believe they have not been followed or that there is a conflict which may not have been addressed. They include:

9.2 Because we deal as principal at all times, and act as market maker in all of the markets we cover, we will always have an interest in the trades you make with us. To avoid any potential conflict, we will not advise you as to the merits of any particular trade.

9.3 Spread trades are bespoke financial products which can only be entered into directly with spread trading firms. Consequently, when you deal with us, our price is the only price available to you. We are committed, however, to ensuring that our prices fairly reflect conditions in the underlying market. We have procedures in place and perform testing to see that this commitment is met. You should also see clause 10.3 below. If you deal with us at a price which is obviously wrong, you have a right to require us to correct it.

9.4 To manage the potential for conflict between your interests and those of our staff, we have a personal account dealing policy in place.

9.5 We require our staff to disclose any relationships they have with our clients and conduct ad-hoc testing to ensure that those clients have not been unduly favoured at the expense of others.

10. ERRORS

10.1 In order to be valid, a contract note, or any other form of trade confirmation, must accurately reflect the relevant transaction struck at the telephone or via the WS Trading Website. Erroneous contract notes or trade confirmations will not affect the validity of the transaction that was struck and will not entitle the client to enforce whatever is inaccurately recorded in the contract note or trade confirmation. The foregoing is subject to clause 10.2.

10.2 WS reserves the right to refuse or void any trade involving or deriving from a Manifest Error or, at your request, we may agree to amend the details of such a trade to reflect what WS considers in its sole discretion and acting in good faith to be the correct or fair details of such a trade absent such Manifest Error. The term "Manifest Error" applies to any error, omission or misquote, (including any misquote by the dealer) which by fault of either WS or any third party is manifest when taking into account the market conditions and available quotes that prevailed at the time. This may include, wrong price, month or market or any error or lack of clarity of any information, source, commentator, official, official result or pronunciation.

10.3 In the event of a Manifest Error, WS may take into account all information in its possession including information concerning the expertise of the client and the market conditions that prevailed at the time of such error. When making a determination as to whether a situation amounts to a Manifest Error, WS will act fairly towards the client and the client must equally not gain any unfair advantage by such Manifest Error. The fact that a client may have entered into, or refrained from entering into, a corresponding financial commitment, contract or trade in reliance on a trade placed with WS (or that the client has suffered or may suffer any loss whether direct/indirect consequential or otherwise) is deemed irrelevant as a factor and shall not be taken into account by WS in determining whether a situation amounts to a Manifest Error.

11. COMPLAINTS AND QUERIES OF ACCOUNT

11.1 You are responsible for keeping yourself fully informed and up to date in respect of your trading positions and trades placed. Upon receipt of any statement, contract note or any other form of trade confirmation, you should check it to ensure that it is correct. Should you receive a contract note or trade confirmation for a trade or executed order allegedly not transacted by or for you, WS must be notified immediately. If you do not receive a contract note or trade confirmation that you are expecting for a trade that you have placed (or believe you have placed) you must notify WS immediately.

11.2 Should you receive a contract note, trade confirmation, or statement that contains any error or omission you must notify WS within three Business days of receipt of the same.

11.3 Any query or dispute with regard to alleged trades/orders or alleged conversations (together with details of the time and date of the alleged trade or alleged conversation) must be raised with WS as soon as you become aware of the same and in any event within five Business days of the date of the alleged trade/order or alleged conversation (inclusive of the date of the alleged trade/order or alleged conversation).

11.4 No query with regard to trades/orders, alleged trades/orders or conversations/alleged conversations will be entertained unless the client can provide WS with the time and date of the trade/order, alleged trade/order or conversation/alleged conversation and you agree that the foregoing is fair and reasonable.

11.5 In the event of a dispute or complaint, all of the relevant details should be submitted in writing and should be referred in the first instance to the Customer Services Department of WS.

11.6 Many complaints can be resolved informally by the people you normally deal with. However, if you wish to make a formal complaint, you should address it to the Compliance Officer at our normal address. All complaints received by WS will be dealt with in accordance with the firm's internal complaints handling procedures, a copy of which is provided to all complainants. We will provide the client with a final response to their complaint within a maximum of eight weeks. If we are unable to resolve your complaint to your satisfaction then you have a right to refer the matter to the Financial Ombudsman Service, South Quay Plaza, 183 Marsh Wall, London E14 9SR Telephone 0845 080 1800. You can find out more about the Financial Ombudsman Service at www.financial-ombudsman.org.uk

12. UNSOLICITED CALLS

12.1 By signing this Customer Agreement you agree that WS may contact you by telephone or by any other means of communication at any time whatsoever in order to discuss the business of WS or its associated companies.

13. FORCE MAJEURE

13.1 If we determine in our reasonable opinion that a Force Majeure Event exists then we may in our absolute discretion (without prejudice to any other rights we may (otherwise) have):

- (a) cease or suspend trading and/or alter trading times for all or any markets;
- (b) vary the minimum and/or maximum stake size for all or any markets;
- (c) amend IM factors and/or vary any buying and/or selling spreads for all or any markets;
- (d) immediately require payment of Variation Margin and/or any other amounts you may owe WS;
- (e) close any or all open trades, refuse any trades, cancel and/or fill any orders in each case at such level as we consider in good faith to be appropriate in all the circumstances;
- (f) suspend or modify the application of any or all of the clauses contained within this Customer Agreement to the extent that it is impossible or impractical for us to comply with them; and
- (g) take or omit to take all such other actions as we deem appropriate in the circumstances to protect ourselves and our clients as a whole.

14. MARKET INFORMATION SHEETS

14.1 WS' Market Information Sheets as may be amended from time to time, which form part of this Customer Agreement, contain the following information applicable to trades struck with WS; including: WS' trading hours, buying and selling spreads, minimum stakes per trade, IM factors and other provisions relating to IM, the available markets, last day of dealing, basis of settlement, minimum stop levels and other matters relevant to certain trades and markets.

14.2 The Market Information Sheets are correct as at the date of first publication but we reserve the right to amend, vary, add to, remove from and from time to time replace the Market Information Sheets and any or all of the information contained therein. We will notify you of changes to and/or replacements of the Market Information Sheets by any of the following methods as WS determines: by new issues of the Market Information Sheets, in statements sent to you, by newsletter, our website www.worldspreads.com, by telephone, via the Trading Website or by any of the methods referred to in

clause 18.

14.3 WS reserves the right to create (and thereafter vary or replace) rules/terms and conditions in respect of trades on any particular market. Such rules/terms and conditions (and any variation and/or replacement of the same) will be notified to you by any of the methods referred to in clause 18.

15. ALTERATION OF TERMS

15.1 This Customer Agreement may be subject to alteration at any time by notice to you. Any alterations shall be deemed effective immediately on service in accordance with clause 18 and will apply to all open trades and unfilled orders as at and after the effective date of the change.

15.2 Without prejudice to the above, should a situation or dispute arise that is not specifically covered by this Customer Agreement, WS shall attempt to resolve the matter on the basis of good faith and fairness and reserves the right to construct such rules in relation to the situation or dispute that are consistent with any other comparable rules contained within this Customer Agreement and, where appropriate, after consideration of comparable market conventions or practice.

16. NETTING PROVISIONS AND CURRENCY CONVERSION

16.1 All transactions between you and WS will be entered into in consideration of each other and constitute a single contract between WS and you. WS reserves the right in its sole discretion at any time and from time to time and with or without notice to you to combine and/or to consolidate and/or to set off against each other in or towards satisfaction of liabilities, all positive and negative balances of whatever nature in respect of all the accounts that you hold with WS or any other member of the WorldSpreads Group of Companies (including for the avoidance of doubt, but not limited to, your open trades and any other right or liability mentioned in this Customer Agreement or arising as between WS and you, and whether WS exercises its rights under clause 6.9 hereof or not, and whether any such balance be actual, contingent, primary, collateral, several or joint) and the resultant balance would represent the single obligation payable by the obliged party. In the event of default, bankruptcy, liquidation or similar circumstances resulting in the termination of this agreement, the parties agree that there shall be a single obligation in the base currency of the customer's foremost WS account to pay a net sum of cash in respect of all aforesaid positive and negative balances. Any such balance in your favour shall be held by you as security for all balances in WS' favour.

16.2 When combining and consolidating such balances, WS reserve the right to disregard any credit allocation that you may have with any company forming part of the WorldSpreads Group and convert, at prevailing market rates, all negative and positive balances of all accounts to the base currency of your WS account and you will be liable for any commission costs or charges relating to the same.

17. PERSONAL DETAILS, REPRESENTATIONS AND WARRANTIES

17.1 Upon signing this Customer Agreement and each time you make a trade with WS you represent and warrant that:

- (a) the information that you provided in your Account Application Form and at any time thereafter is accurate, true and complete in all material respects;
- (b) you have read and fully understood this Customer Agreement including the Market Information Sheets and the Risk Disclosure Notice both of which also form part of this Customer Agreement;
- (c) the terms of the Customer Agreement are binding and enforceable upon you;
- (d) you act as principal and are 18 years of age or over;
- (e) you are duly authorised to and have obtained all necessary authorisations (including any necessary governmental authorisations) to enter into this Customer Agreement and to execute the Account Application Form and deliver the Account Application Form to WS and to enter into each trade and to perform all your obligations as detailed here;
- (f) the execution and delivery of the Account Application Form and/or the entry into this Customer Agreement and/or entry into any trade or performance of any obligation hereunder does not and will not violate any law, ordinance, charter, by-law, articles or memorandum of association (or similar document) relevant to you;
- (g) if you are a natural person you have signed your Account Application Form and if you are not a natural person the person signing the Account Application Form on your behalf is duly authorised to do so on your behalf;
- (h) if you are a natural person you have placed any trade in person and given any instruction in person, unless clause 3.5 applies in which case the person placing the trade or giving any other instruction on your behalf (if not you) is your Agent and is duly authorised by you to do so;
- (i) if you are not a natural person, the person placing any trade or giving any other instruction on your behalf is duly authorised to do so;
- (j) if you have appointed an Agent, such Agent has read and understood this Customer Agreement (including the Market Information Sheets and the Risk Disclosure Notice) and fully understands the nature of spread trading and the jargon used.

17.2 You acknowledge that WS has relied on and will rely on the truth accuracy and completeness of the information provided by you on your Account Application Form and at any time thereafter.

18. NOTICES

18.1 With the exception of contract notes and statements of account (see clause 4.18) any notice from WS to you under or in connection with this Customer Agreement may be in writing, by electronic means, given verbally and may be sent by either first class post, fax, telephone answering machine message, voice mail message, pager, email, via the WS website or delivered personally. Any notices or other communications from WS to you may be made to your last known telephone number (including a telephone answering machine), fax number, pager number, website, email address, home address, place of work, or any other contact details that you may have provided or which WS may have ascertained.

18.2 In the event that WS are unable to establish evidence of earlier receipt, any notice or communication from WS to you is deemed to have been served upon you:

- (a) If delivered verbally to the client, or such person purporting to be the client, either face to face or by means of telephonic equipment, when actually stated.
- (b) If given by either leaving a telephone answering machine message, pager message or voice mail message, one hour after such message was left.
- (c) If given by way of leaving a message with any third person i.e. a work colleague or spouse, one hour after such message was left.
- (d) If sent by email, one hour after it was mailed, on the proviso that no 'not sent' or 'not received' message is received back from the relevant email providers.
- (e) If published on the WS website, one hour after publication.
- (f) If sent by fax, upon completion of the transmission, provided that a transmission "complete" report is received.
- (g) If sent by first class post, on the following day after posting unless posted on a Saturday, Sunday or public holiday in the U.K., in which case it shall in any event be effective on the second day after posting (excluding Sundays and public holidays)
- (h) If sent by first class air mail, the third day after posting unless posted on a Saturday, Sunday or public holiday in the U.K., in which case it shall in any event be effective on the fourth day after posting (excluding Sundays and public holidays).
- (i) If delivered personally, when left at the client's last known home or work address or when actually given by hand to the client.

18.3 With the exclusion of placing trades or orders, any notice or other communication from you to WS should be sent either: in writing and sent by first class post and marked for the attention of WS' Customer Services Department at our current address; in writing and delivered personally by hand to our Customer Services Department, by fax to the correct and recognised fax number of WS and marked for the attention of our Customer Services Department, or by email to the current email address of WS' Customer Services Department, enquiries@worldspreads.com

18.4 In the event that WS are unable to establish evidence of earlier receipt, any notice or communication from you the client to WS is deemed to have been received by us:

(a) If sent by first class post from within the U.K. and marked for the attention of WS' Customer Services Department at our current address, such notice shall be deemed received if posted on a Business day on the next Business day after posting and if posted on a day which is not a Business day on the second Business day after the day of posting.

(b) If sent by first class air mail from outside the U.K. and marked for the attention of WS' Customer Services Department at our current address, such notice shall be deemed received if posted on a Business day on the third Business day after posting and if posted on a day which is not a Business day on the fourth Business day after the day of posting.

(c) If delivered personally to WS' Customer Services Department on a Business day, such notice shall be deemed received on that Business day and if not delivered on a Business day it shall be deemed as being received on the next Business day after delivery.

(d) If sent by fax, to the correct and recognised fax number of WS and marked for the attention of our Customer Services Department, at least one hour before the close of business on a Business day, such fax shall be deemed received on completion of the transmission (and if sent after that time shall be deemed received on the next Business day after completion of the transmission) provided that a transmission 'complete' report is received.

(e) If sent by email to the current email address of WS' Customer Services Department at least one hour before close of business on a Business day, such email shall be deemed received one hour after sending (and if sent after that time shall be deemed received on the next Business day after sending), provided no 'not sent' or 'not received' message is received from the relevant email providers.

18.5 WS reserves the right to, but is not obliged to, accept notices and communications from you at the telephone and you recognise that recordings of such instructions remain the exclusive property of WS, that they shall constitute evidence of the instructions given and may be used for any purpose by us, including as evidence in any dispute.

19. INDEMNITIES AND LIABILITY

19.1 We accept no liability to you for any consequential loss or indirect loss, loss of profits or damage save in the case of fraud, wilful default or gross negligence on behalf of WS.

19.2 A single or partial exercise of, or failure or delay in exercising, any right either under this Customer Agreement or at law by WS shall not constitute a waiver by WS of, or impair or preclude any exercise or further exercise of that or any other right arising under this Customer Agreement or at law.

19.3 WS shall have no liability to you for any consequential loss, indirect losses, loss of profits, loss of opportunity (including in relation to subsequent market movements) that you might suffer as a result of any defect or failure of the whole or any part of our telecommunications system, website, or internet Trading Website, including when all of our trading lines are busy.

19.4 Should WS allow you access to the Trading Website, this and any materials provided in connection with the Trading Website are intended for your use only, provided on a non-exclusive basis, and remain the property of WS and its internet providers at all times and you therefore have no rights to the ownership, copyright, or protected intellectual property rights of any software employed by the WS Trading Website.

19.5 Should you choose to access the WS Trading Website, you agree to take steps to ensure that the hardware and software that you employ to access the WS Trading Website does not introduce any form of computer virus, (including, but not limited to, "software bombs" and "worms") into the Trading Website and you agree to indemnify us for any loss that we may suffer as a consequence of such introduction.

19.6 In allowing you to access the WS Trading Website we make no warranties (express or implied), representations or guarantees as to the fitness, suitability or merchantability of its content, documentation or any hardware or software provided by WS in connection with, or which forms part of, the Trading Website.

19.7 WS, any company forming part of the WorldSpread Group or their employees will not be liable for any loss, cost, expense or damage whatsoever which may arise directly or indirectly as a result of any technical difficulties which you may experience in connection with the WS website or Trading Website and which may lead to, but not be limited to, malfunctions, failures, delays, hardware damage or software erosion and could possibly lead to economic and/or data loss as a result of installing, attempting to access, accessing, using, maintaining, modifying or deactivating the Trading Website or otherwise including arising out of the negligence of WS (or any company forming part of the Leisure Spread Group) and/or if WS had been advised of the possibility of the same arising. Nor shall we be liable for the introduction of any form of computer virus, (including, but not limited to, "software bombs" and "worms") into your computer hardware or software as a result of connection to the WS website or Trading Website on the proviso that we have taken reasonable steps to prevent any such introduction.

19.8 WS does not effect insurance in respect of the liabilities which are limited and/or excluded under this Customer Agreement. If you find this unacceptable, you should either refrain from dealing with WS or take steps to insure yourself in respect of those matters.

19.9 You will indemnify us and keep us indemnified on demand in respect of all liabilities, costs, claims, demands and expenses of any nature whatsoever which we suffer or incur as a direct or indirect result of any failure by you to perform any of your obligations under this Customer Agreement or under any trade and by signing this Customer Agreement you acknowledge that you are not entitled to assign, transfer, charge, sub-contract or deal in any other manner with this Customer Agreement nor any of its rights or liabilities hereunder (including any interest in balances, open positions or collateral), or purport to do any of the same.

19.10 By signing this Customer Agreement you acknowledge that the taxable status of any trades that you may place with WS will be dependent on your personal circumstances and may be subject to variation, and therefore it is your responsibility to seek independent tax advice if you are in any doubt as to your liability to pay tax on trades placed with WS. You also agree that in the event that taxes become due and payable in relation to any trade that you place with WS you will be responsible for the full payment of such taxes. In the event that WS are obliged, for whatever reason, to pay your personal liability with regard to such taxes you will fully indemnify WS or any of its associated companies against the same.

19.11 In this Customer Agreement, unless the context otherwise requires

(a) the clause headings shall not affect the interpretation and are for ease of reference only,

(b) use of the singular includes the plural and vice versa;

(c) the use of any gender includes the other genders;

(d) any phrase introduced by the terms "including", "include", "in particular", "for example" or the letters "e.g." or any similar expression shall be construed as illustrative and shall not limit the sense of the words that precede it.

19.12 Each clause and part of a clause in this Customer Agreement is separate and severable and enforceable accordingly and should any clause, either in whole or in part, of this Customer Agreement be found to be invalid or unenforceable by any court or administrative body of competent jurisdiction, such invalidity or unenforceability shall not affect either the remaining part of the affected clause or the other clauses which shall retain their full force and effect.

19.13 The rights contained within this Customer Agreement that are in favour of WS are cumulative and are without prejudice to and are not exclusive of any rights or remedies provided by law. Each company forming part of the WorldSpreads Group may enforce all of the terms contained within this Customer Agreement and WS shall be entitled to assign, transfer, charge, sub-contract or deal in any manner with all or any of its rights and/or liabilities

hereunder including by way of transfer of the same to an associated company.

19.14 This Customer Agreement and all business transacted between WS and the client shall be governed by, and shall be construed in accordance with, the laws of Ireland and the parties submit to the non-exclusive jurisdiction of the Irish courts.

19.15 Either party may terminate this agreement at any time by written notice to the other. Following termination of this agreement the client shall not be entitled to place any trade or otherwise deal as a client with WS and any open trades will normally be closed immediately unless otherwise agreed by us. Any notice so given is without prejudice to accrued rights and remedies of either party. The termination of this agreement shall not affect any liabilities of whatsoever nature the client may have under this Customer Agreement be they actual/current at the time or contingent.

19.16 Nothing within this Customer Agreement shall restrict or exclude any liability or duty owed by WS to you under the rules of our regulator.. In the event of conflict, the rules of our regulator shall prevail over this Customer Agreement.

19.17 Any company forming part of the WorldSpreads Group may enforce any or all provisions of this Customer Agreement.

20. DEFINITIONS

20.1 When reading this Customer Agreement you should be aware that the following words and expressions shall have the following meanings:-

"Account Balance" the balance of your account with WS be it a credit or debit balance and having taken into account all credits and debits to that account including any profit or loss arising from closed positions but not taking into account any open positions valuations. Commonly referred to as the "Cash Balance".

"WS" "we" "us" and "our" WorldSpreads Ltd (Company number [4898762](#))

"WS' quote"/"Our Quote" as defined in clause

"Website" means the website of WS, maintained from time to time for access by clients and which is currently maintained under the URL:
www.worldspreads.com

WorldSpreads Limited
Risk Disclosure Notice
November 2007

This notice is provided to you in compliance with requirements laid down by the Financial Services Authority ("FSA") because you are proposing to undertake dealings in contracts for differences in the form of bets with a firm that is carrying on investment business as a bookmaker. It cannot disclose all of the risks and other significant aspects involved in dealing in contracts for differences in the form of bets.

Engaging in this type of transaction can carry a high risk. As these transactions differ markedly from normal bets you should not engage in this form of betting unless you understand the nature of the transaction you are entering into and the true extent of your exposure to the risk of loss. The amount that you may win or lose will vary according to the extent of the fluctuations in the price of the index ("the underlying markets") on which the bet is based instead of a sum predeterminable when a normal bet is placed. For many members of the public, these transactions are not suitable; you should, therefore, consider carefully whether they are suitable for you in the light of your circumstances and financial resources. In considering whether to engage in this form of betting, you should be aware of the following:

1. The high degree of "gearing" or "leverage" is a particular feature of this type of transaction. This stems from the margining system applicable to such bets that generally involves a comparatively modest deposit or initial margin in terms of the overall contract value, so that a relatively small movement in the underlying market can have a disproportionately dramatic effect on your bet. If the underlying market movement is in your favour, you may achieve a good profit, but an equally small adverse market movement can not only quickly result in the loss of your entire deposit, but may also expose you to a large additional loss unless you enter into a limited liability contract with the firm.

If you deal on a credit basis, which may amongst other payments cover the initial margin requirements, the extent of your agreed credit facility does not limit your loss or financial liability and you can be subject to variation margin calls for an amount in excess of your facility. As a consequence the amount of capital that you are prepared to place at risk should be sufficient to cover your credit allocation and the possibility of subsequent variation margin calls, which will only be made once your credit allocation has been exceeded.

2. You may be called upon to deposit substantial additional variation margin, at short notice, to maintain your bet. If you do not provide such additional funds within the time required, your bet may be closed at a loss and you will be liable for any resulting deficit.

3. Such transactions will not be undertaken on a recognised or designated investment exchange and, accordingly, they may expose you to greater risks than exchange transactions. The betting structure and betting rules will be established solely by the bookmaker. For example, if you wish to close the bet earlier than the time at which it would otherwise automatically expire you will have to close it at your bookmaker's quotation which may reflect the premium or discount of the "underlying market". When the underlying market is closed your bookmaker's quotation can be influenced by the weight of other clients buying or selling with your bookmaker. You will have to close any bet with the same bookmaker with whom it was originally entered into.

4. Where entering into such transactions, your bookmaker must do so under a two-way customer agreement pursuant to the FSA Conduct of Business rules. You should satisfy yourself that dealing is conducted throughout in strict conformity with that customer agreement and complain to the WS Compliance Officer if you have reason to believe it is not.

5. Prior to placing any bets, you should receive from your bookmaker written confirmation of all transaction or other charges for which you will be liable to the firm. However, the firm is unable to advise you of any other costs that you may incur in the course of dealing with it.

6. The tax treatment of spread betting and of any profits you make from spread bets may be affected by your personal circumstances and can be subject to change. You should seek further advice if necessary.

7. As a result of section 412 of the Financial Services and Markets Act 2000, spread bets covered by this agreement are legally enforceable.

8. A limited liability transaction limits the extent of your liability for loss in a transaction to an amount agreed by you prior to entering into such transaction, but you may sustain such loss in a relatively short time. You should take particular note of this aspect as specified in the terms and conditions of your bookmaker. In particular, you should check whether the limited liability is only guaranteed during normal business hours. You are likely to incur additional costs in this type of transaction and you should obtain from your bookmaker an explanation of these, if they are applicable. Such additional costs may take the form of a specific additional charge, or could be a "hidden cost" because the prices or spread on which these bets are based differ from those applicable to other bets that do not have limited liability.

9. Your bookmaker will not provide you with investment advice relating to investments or possible transactions in investments or from making investment recommendations of any kind. We may, however, give factual market information or information, in relation to a transaction about which you have enquired, as to transaction procedures, potential risks involved and how those risks may be minimised.

10. Your bookmaker is required to hold your money in segregated trust accounts in accordance with the regulations of the Financial Services Authority, but this may not afford complete protection.

11. If you deposit collateral as security with your bookmaker, you should ascertain from your bookmaker how your collateral will be dealt with.

12. If you have reason to believe that the bookmaker with which you deal is not acting in accordance with representations that it has made to you, the terms of your customer agreement or the rules of the FSA, you should complain to the firm's Compliance Officer.
